The image features a man and a woman standing side-by-side, both wearing aprons. The man on the left is wearing a light-colored apron with dark blue accents on the pockets and straps. The woman on the right is wearing a dark grey apron with black straps. They are both smiling and looking towards the camera. The woman is holding a wooden tray with a white cloth on it, which is holding a pie and some cherries. The background is a plain, light-colored wall.

BRANDING YOUR BUSINESS

Welcome to The Artisan Magazine, where we've gathered our favourite uniforms and branding ideas to inspire the perfect look for your team.

We make choosing uniforms easy - with powerful imagery, clever branding, beautiful colours and seamless styling.

From guiding your colour choices to showing the impact of thoughtful branding, we're here to help you create a look that speaks volumes about your business.

Our uniforms are worn by thousands of people every year — from those who simply need an apron to protect their own clothing, to those who want a full head-to-toe look. By investing in a few key styles, businesses can create a strong brand identity, achieve a professional appearance, and make their team feel valued.

And because we are a business just like any other, we understand the challenges when it comes to doing better for the environment, so many of our styles are made from preferred materials such as organic cotton and recycled polyester. Just one of the ways we are helping businesses achieve their own sustainability goals.

For that all-important branding — whether it's a simple logo or a bold artistic statement — speak to your local supplier. They can offer print and embroidery solutions to help your business stand out from the crowd.

SUSTAINABILITY JOURNEY

BETTER PACKAGING

Since 2021 we have reduced single unit plastic packaging and increased the amount of recycled content within the remaining units.

REUSING PLASTICS

The recycled polyester in our garments comes from pre- and post-consumer materials. We also use post-consumer recycled nylon.

RESPONSIBLE COTTON SOURCING

Where we can, we source cotton that has been grown with more care for the environment.

COMMUNITY ENGAGEMENT

In partnership with the Jaago Foundation, we sponsor a class of 40 children at the Jaago School Banani Branch in Bangladesh.

SOCIAL COMPLIANCE

The people who make our garments work in factories that are audited to internationally recognised ethical standards which allows us to have transparency on our supply chain.

ETHICAL, SOCIAL AND ENVIRONMENTAL CREDENTIALS

We are proud members

We partner with Better Cotton to improve cotton farming globally. Better Cotton's mission is to help cotton communities survive and thrive, while protecting and restoring the environment.

We support producers

The FAIRTRADE Cotton Mark means that all of the cotton in the garment is Fairtrade certified, traded, audited and sourced from Fairtrade producers. We are supporting Fairtrade farmers by purchasing their cotton.

COLOUR THAT MAKES AN IMPACT

THE 'COLOURS COLLECTION'

The look we've created here uses Royal Blue as the central colour to bring the team together. You can choose from any of our 62 colours and create a similar aesthetic by mixing between bib and waist aprons, then complementing with tees and shirts.

The right colour choice can make your brand memorable, create the desired atmosphere and unify your team's appearance. It has the power to inspire confidence, soothe nerves and can energise your staff and customers alike.

From calming blues to vibrant reds, each colour tells its own story. Used strategically, colour is one of the most powerful tools for defining your brand's character and setting the tone for every interaction.

We offer the entire colour spectrum with our aprons, so go ahead — indulge and have fun creating staff uniforms that tell your unique story.
